## **Opera "Martha" Comes to Campus October 22 in Entertainment Series**

Streamlined Version in Modern Costumes.

#### Narrator Assists Singers

Emile Renan, Baritone, Directs Cast of Young Artists Who Appear in Loved Opera.

On October 22, at 8:15 p. m., the opera "Martha," the first major entertainment of the year, will be presented in the College auditorium. title "Old Favorite." The composer, Fredrich von Flotow, was present at the first performance, sung in German, in Vienna, in 1847. It was sung in English for the first time in New York in 1852, and from that day of this "Mirtha" has been pre-sent in the repertoire of the great opera companies of the world.

"Martha" has been sung in at least a dozen different languages. and has helped to make famous many of the world's greatest singers of the last century.

Styles in stage presentations have Faculty Members changed during the last fifty years. American audiences demand fastmoving performances, and they no longer tolerate long waits. The sedate presentation that was successful half a century ago bores the modern audience of young American, according to some producers. Attempts Streamlining

A half dozen years ago Lucius Pryor who had been associated with many opera tours, decided to attempt a condensed version of opera, streamlined for the pleasure of American audiences. He discussed his idea with many musical friends. Some said it could not be done suc-

The late C. B. Macklin, well-known music critic, believed in the idea and even went so far as to write a script. Then Pryor, himself, wrote another script. Ernest Hutcheson, at that time president of New York's Juilliard Graduate School, and Gean Greenwell, the famous operatic bassbaritone, also gave a great deal of time to the experiment. So the streamlined opera was done from a composite script of all four. The result was called "Pryorized Opera": for want of a better name in order to distinguish this method of presentation from imitations which were sure to be made if the plan proved

The first year "Faust" was produced with an excellent cast, and it family joined Mr. Hartzell in Cin- ruary, 1-three terms; Apr.", 2was a big success. Then came "Don-Pasquale" with a longer tour and larger crowds. Next came "Carmen," and Pryorized Opera, had arrived. Now tihs year the much-beloved "Martha" has been produced and will have the longest tour of any of the Pryorized operas.

The cast for "Martha" is a fine group of young artists, headed by Emile Renan, director, baritone, and narrator; Lois Marcus, soprano; Carol Jones, mezzo-soprano: Henry Cordy, tenor; and Werner Singer,

Will Use Modern Dress.

Produced in semi-concert form with modern dress, Pryorized Opera uses the narrator to present the continuity in place of tiresome dialogue and seemingly endless repetition. In this way the audience gets the plot as well as all the music beloved by opera fans, Pryorized opera has created a new and loyal opera audience as new as the idea itself. Even the one-language man is able to understand opera and to realize that art does not need to be terrifying to the ordinary mortal, but can be good fun and furnish a very enjoyable evening's entertainment. "Martha" is being presented as

#### College Musicians Invite Players for Pep Band

According to Mr. Willard Robb of the Music Department, a pep band has been selected from the regular College band. These "peppy" players will furnish music for the home football and basketball games.

The men members of the band cut-number the women members, and many of the men members have had experience playing in the army and navy bands.

"The pep band can be improved." Mr. Robb said, "if people who play French horns and flutes will bring their instruments to the band room Mondays, Tuesdays, and Thursdays of each week."

There has been no election of officers at this date.

Dr. Hake Is Better Faculty members and students have been informed that Dr. Joseph Hake, who is in the St. Francis Hospital, is recovering from his recent illness.

### Lucius Pryor Presents His Music Faculty Presents Program for Assembly

Members of the faculty of the Conservatory of Music presented the second assembly of the year Wednesday, September 18.

Miss Janet Dickey opened the program with two piano solos from Brahms and Poulenc. Miss Catherine Phelps played three selections on the violin. She was accompanied by Miss Judith Thom.

Mr. Ralph Hartzell sang three pass-baritone solos, including Beethoven's "Iu Queslra Tomba." "Song "Martha," perhaps more than any of Songs" by Moya, and "When I other opera written, deserves the Have Sung My Songs" by Charles. Mr. Hartzell was accompanied at the plano by Miss Dickey.

Mr. Willard Roch, flutist, accompanied at the piano by Miss Dickey, played "Bagatelle" by Fleischman. He then presented a 

with two piano selections, "The White Peacock" by Griffes and the spirited "Toccata in D Minor" by Bach-Tausig.

## Reading Program . Is Instituted at College This Fall

Miss Dora B. Smith, After Study in Chicago, Takes Charge of Work.

A Freshman Reading Program under the direction of Miss Dora B. Smith, is now being offered to College students. It is required of freshmen students who failed to meet the passing requirements on a screening test which was given at the beginning of the quarter. The classes are held in a room in the library known as the reading laboratory, and students enrolled must meet the classes twice a week or for twenty lessons.

The Faculty Council voted last spring to have a laboratory reading program this year. The purposes of the program are to increase the student's speed of reading, to improve his comprehension of thought. and to enlarge his vocabulary Therefore, anyone making lower than thirty per cent on the freshman reading test is required to take part in the reading laboratory. At the present time the course

is open only to freshmen. Later, Miss Smith hopes to be able to offer it to other students in the College who wish it and to members of the Horace Mann High School., It is intended that the course be of service to the entire district and not just to the College campus.

Miss Smith spent the past summer at the University of Chicago studying in preparation to direct this reading laboratory. Her studies were carried on under the supervision of Dr. W. S. Gray.

According to Miss Smith's presveterans of World War II, who are ent plans for conducting the proigram, informal testing will be used throughout the quarter. Students will be encouraged to appraise the Compared with last year's enrollresults of their practice. It is hoped that through self-appraisal they will see needs, will work with understanding, and will want to apply preceding the annual address by the themselves to the task before them.

## THE COLLEGE DATH

We will never bring disgrace to this; our College, any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us.

#### A VETERAN LOOKS AT COLLEGE

Yes, a veteran looks at college. Looks at it, perhaps, with eyes that have seen the reasons for a deeper quest in search of knowledge eyes that are young, yet seeing with a more mature look.

Remember when you strolled about the campus hand in hand with the current object of your attention-when social advantages amounted to more than material knowledge? I do, but war and the aftermaths of war have changed my concepts of college.

Perhaps, war awoke something in me. It opened my eyes to the values of a college education. I now view college as the only gateway to any prosperity or success I may have, as a broadening of my understanding of people and their problems.

Perhaps I have lost some of the idealism, romanticism, or school spirit, and shifted to something more concrete, which, in my estimation is better. Looking at college as a means to an end may not be the accepted thought; it does happen to be mine. I have a goal to reach, College is the only shortcut in reaching it. Rivers flow on and on, and time keeps stealing away from us. College makes up for that lapse in years while in naval service—that lapse when others forged ahead, and we stood still-and now is my chance to get abreast of the tide, perhaps gaining a slight edge. In tomorrow's world an "edge," however slight, will mean the difference between success or failure, not only in business, but in life itself.

### "WITH MALICE TOWARD NONE"

In front of the auditorium in the Administration building stands a statue of Abraham Lincoln. The statue has been in that place for many years. It has seen classes come and classes go. Graduating classes each year march into the auditorium past the statue of Lincoln; they congregate around the statue a couple of hours later, grasping that hard-won sheep-skin and receiving the congratulations of their friends.

Abraham Lincoln is a part of school tradition. He is not just a statue. Somehow, his spirit seems to watch over all activities that take place on Second Floor. He looks toward the main stairway from the First Floor to the Second, greeting the students, as it were, when they arrive.

And what is this all about? Just this: Some people are forgetting the place that the statue holds in College life. A week or so ago, a bulletin board was placed in front of Lincoln, obstructing the view; now and then somebody sits on the railing around the base of the statue; now and then somebody else puts his feet upon the railing as he stands talking to another person.

There is nothing criminal about these acts; they are not the acts of vandals. They are merely thoughtless ones, just little acts that indicate a failure to show proper respect to a prized object of art, a failure to reverence something that belongs to the College life, that belongs to you as a member of the College.

Do you know that the Library:

Mes over 35,000 books, including classified books, rdistance books, and bound magazines? Receives 220 magazines, 10 daily papers and most of

the weekly papers of the district? Has a current book shelf for recreational reading, with several new books added each month? Has open stacks where students may use the books on

Is classified according to the Dewey Decimal System? Has a card catalog of all books in the library ar-

ranged alphabetically according to author, title or subject? Has encyclopedias, dictionaries and other reference books, as well as the READER'S GUIDE TO PERIOD-ICAL LITERATURE, and the EDUCATION INDEX?

Posts an overdue and fine list each day ?..... Charges 5c per day for overdue stack books, and 5c per hour for overdue reserved books?

Would like to eliminate fines, if students would return books on time and thus make them unnecessary? Has librarians and library assistants who are ready and willing to help students find the material they want? Will be an attractive and quiet place to study if

#### 1. 13.13 Library Displays Its Current Best Sellers

The College library has added several new books to its current book shelf. These books may be found on a table at the entrance to the library reading room. Some of the current best sellers which have been added to the collection are:

Singing Waters, Ann Bridge. Horizon, Helen MacInness. Our Own Kind, Edward McSorley. Then and Now, Wm. Somerset Maugham.

Spoonhandle, Ruth Moore, Aston Kings, Humphrey Pakington. Last Chapter, Ernie Pyle. The Charity Ball. Jessie Scott: Britannia Mews, Margery Sharp, The Hucksters, Frederic Wakeman.

Tharen Erickson teaches Physical Education at the high school at Shenandoah, Iowa, Miss Erickson is an alumna of the College. She is the sister of Lois Erickson, who is a student at the College.

Teaches at Savannah Mrs. John Haun, secretary to Dean M. C. Cunningham since December 1, 1945, has resigned. She began teaching Monday in the Savannah high school, she will teach secreterial practice, accounting general business and shorthand. She has replaced Miss Maurine Thomas, who resigned to attend MSTC. Mrs. Haun formerly taught in Holt for two years in grade schools and three years in high school.

#### New Churches, New Members To Join in World Communion

Huge increases in worshippers on World Communion Sunday are anticipated this year, due not alone to returned veterans but to the hundreds of newly founded churches and the thousands of newly enfolled members. The Methodist Church, as one example, through its Crusade for Christ, has opened 624 new churches and expects to make October 6 a day of victory by closing its year of evangelism with a

### Reference Work

The library seems to have awakened to a new life. So many eager people, even at the bright hour of 8 o'clock! Know about the early bird? Well, it's so.

Evenings are nice times to study, too. Really, the library is a grand place. Could it be a new interest in social science, social science, that is?

Evelyn Matter seems to be interested in Alaska. From all the books and magazines about Alaska she is reading, it is a safe guess that she is working out a unit for teaching.

Ruth Holbrook goes in for novels -anyhow, almost anything from Du Maurier. One now and then adds flavor-isn't that right? Some people, evidently from the

class in Adolescent Psychology, have taken a new interest in reading "Bobby Sox" in the St. Joseph papers. Freshmen are busy reading "College Life," "Your Life," and "How

to Study." Even the faculty are beginning to haunt the library. Miss Dykes was soon trying to chase down great prophecies in literature. She

did not divulge her reason. Some class may find out some day. The new faculty folks are eagerly familiarizing themselves with the library offerings in their subjects. The writer of this column is not yet sufficiently acquainted with them to identify them by names.

#### What Your Senate Does OFFICERS

Business Meeting, September 17 Student Senate members were appointed to serve on the following committees: Judiciary Committee - Robert

Davis, president; Janet Drennan, vice-president; Clem Shively, and Bill Vest. The function of this committee is to mete out punishment for infringements of the Constitution or Regulations of the Senate or Collège Administration. Student Affairs Committee -

Dean Hoshor, Roberta Finke, Gene Polk, and Martha Lewis.

Assembly and Entertainment Committee-Wilmer Martain, Meredee Myers, Clem Shively, and Jay Roberts. The duty of this group is to work with the faculty on the planning of college entertainments and assemblies.

Cheerleader Selection Committee -Jay Roberts, Roberta Finke, Meredee Myers, and Paul (Georgia) Wilson. This group will make selections from interested persons who contact them in the near future. This committee, together with the

selected cheerleaders, will plan the first pep rally, which probably will be held during the assembly prior to the first football game, September 27.

Clem Shively was elected Parliamentarian, and her duties will be to interpret the Constitution and to check motions as to their validity with the Constitution.

Mr. Davis. Senate president, stressed the fact that better cooperation was needed between the student body and the Senate on upkeep of the campus. "It is a perscnal responsibility of each student." said Mr. Davis, "and can only be accomplished through each student's voluntary efforts." Also emphasized by Mr. Davis was

an invitation to any member of the student body to attend all meetings or the Senate, except, of course, closed sessions. Besides the aforementioned Sen-

ate members, Dr. John Harr, one of the faculty advisers, was present. The other adviser, Mr. R. T. Wright, was out of town at the time of the session Tuesday night.

## The Stroller

The Stroller was aimlessly wandering across the campus, when an idle thought came into his head. "Do the students themselves do any thing about keeping the campus clean?" he wondered. Oh, well, it was just an idle

Ye olde Stroller goes many places in his wanderings. He "just happened" to be in the Quad the other night when one of the eastern lads was wistfully thinking of home—out loud. It was rather obvious as to the home locality of the boy, as he sat there lamenting, "Oh, for some Ebbetts Field doit!" The Stroller isn't sure, but the Cardinals might contribute some soil from Sportsman Park.

"Is it true," the Stroller wonders, "that Bill Garrett is noted for breaking records?" Anyone knowing the answer to this question please contact the Stroller on the steps of Horace Mann High School.

Melvin Light, (strictly a Brooklyn boy) was extolling the advantages of going to a place other than New York City to learn about people. "Why," he said, "I lived within fifty-eight minutes of the Empire State building and was never inside of it."

Shucks, that's nothing! The Stroller knows many a student who has sat beside a book all through, the semester and has never seen the inside of it either.

Force equipment is being inspected here by Col. Paul A. Reichle of York, Pa., Commander of Task Force "Frigid." Members of Task Force "Frigid," composed of 1,700 officers and men, three of whom are shown here garbed in "deep snow and cold" paraphernalia; will sail from Oakland, Calif. The Army's largest Arctic weather test unit is en-route to Ladd Field, Fairbanks, Alaska.

### Senior Class President , Suffers Queer Accident

Park Convention of Alpha Sigmas Much speculating was done when Turner Tyson, president of the Senior class, appeared on the campus last week with his arm in a sling, up by a front page story in the city paper on September 16, but not before many other versions were exchanged with the perennial cigarette antecdotes.

with stars. Red leather address The version generally accepted by faculty and students until the official release Monday afternoon was that Mr. Tyson had cut his ray of sparklers arranged in the hand when his wife put him to Miss LeMaster was a member of peeling potatoes for dinner.

The journalistic account, however. maintains that on Friday, September 13, Mr. Tyson gouged the palm of his hand, cutting an artery, when he attempted to shut off the faucet on a wash bowl at his home. The procelain handle broke and the steel portion of the handle penetrated his hand. Cause of the accident was attributed to Friday, the thirteenth, a date supposed to be responsible for many freak hap-

## Bearcats Opens Football Season

Rockhurst Opposes Home Random Shots . . . Since 1942.

#### Bearcats Lost 1942 Game

Coach Milner Has Assistants in Dr. John Harr and New Man, Mr. Herbert Peterson.

Combining a sprinkling of returning lettermen with one of the largest groups of freshmen prospects in the school's history, the Maryville Bearcats will meet Rockhurst College on the home field Friday evening at 8:00 p. m.

"With the opening whistle the Maryville fans will once more have a view of the Bearcats in action after their absence of one year from football activity.

In the last meeting in 1942 between the traditional rivals it was Rockhurst on top by a score of 13-0. The Bearcats will be striving to erase that defeat and initiate their first postwar season in a successful manner, all of which indicates an exciting contest.

Coaching began early, with the men in a football camp. Coach Ryland Milner, noncommittal about a coming game as usual, just grins when asked about the possibilities of the team he will put up against Rockhurst.

Coach Has Assistants.

Dr. John Harr, head of the Social Science department, and Mr. Herbert D. Peterson, of the Physical Education department, are assisting Coach Milner with the football squad this fall at the College. The large number of men reporting for football plus the loss from the staff of Mr. Wilbur Stalcup, who accepted a pósition as head basketball coach at Missouri University, necessitated the additions.

Dr. Harr, who assisted Coach Milner with the undefeated 1944 team, is a graduate of La Crosse, Teachers College, La Crosse, Wisconsin, where he was prominent in sports. He received his M. A. and Ph. D. from the University of Chi-

Mr. Peterson is a graduate of Wisconsin University and received his M. S. at the institution. He played varsity ball under Harry Stuhdeher, who is recognized as one of the best football coaches.

#### Chamber of Commerce Is 1,000 Strong for Team

Cooperation of members of the Maryville Chamber of Commerce, who guarantee the sale of 1,000 tickets for the Maryville Bearcat-Rockhurst College game here Friday, at 8:00 p. m., points toward a successful inaugural of football at the College this fall.

"Tickets have been distributed to businessmen in Maryville for sale or good-will gifts by the merchants in an effort to stimulate interest in football games at the College," Mr. Paul Gebert, chairman of the committee, stated.

Dr. J. W. Jones, president of the College, expressed his appreciation and that of the athletic department for the interest displayed by the Maryville businessmen. He said that larger attendance at the games will lead to the providing of increased seating facilities to be obtained in another season when materials are available:

In addition to Chairman Gebert, members of the committee are Charles Baumli, Don Alexander, Louis Richardson, Walter Finke, Ran Holt, Clyde Woodruff, Jack Gray, John Kurtz, Clyde Sparks, Sylvester Bishop, Henry Blanchard, E. E. Rhodes, Robert P. Foster, William Todd and Morris Hamilton

Mrs. Garrett Visits Son, Daughter During the month of August, Mrs. Hubert Garrett, library assistant, went to Long Beach, California, where she visited her daughter, Mrs. Earl Nadeau, and Mr. Nadeau. Mrs. Nadeau was formerly Miss Ena June Garrett. En route home, Mrs. Garrett visited Lieut. and Mrs. Jack Garrett of Fort Riley, Kansas. Mrs. Nadeau is a graduate of the College and Lieut. Garrett is a former student.

#### Adjournment to General Assembly, College Season Opens Friday With Game on College Field Against Fortescue.

The schedule for the Horace Mann Cubs' six-man football team has been announced by Mr. H. R. Dieterich, principal of the Horace Mann high school. The Cubs will open their season September 27 when they meet Fortescue in an afternoon game at the College football field.

The squad is being coached by Gene Cross, a Bearcat athlete and member of the college football east gate of the athletic field for sauad.

The Cubs have lost two of last year's lettermen. Charles Stroud, center, is now attending school at Graham, and Pat O'Riley, a junior backfield man, moved to Skidmore. All of the returning lettermen are backfield men and include the fol-

James Kinman, Paul Fisher, and Donald Hutson, seniors; and John Schaefer, a junior.

Other members of the squad are as follows:
